WELCOME

It is our pleasure to welcome you to Air Gold Coast. Our commitment is to provide a professional and sincere approach to pilot training that is integrated with a level of enjoyment. We are committed to high standards in the provision of vocational education and training and other student services.

Pilot training is exciting, challenging and rewarding however requires your time and effort. To become a private or commercial pilot you must have the ability to adapt to the aviation environment which you will be immersed in.

As a student pilot we will help you take one step at a time to discover and maintain a sound approach to flying. Your duty is to make yourself available to learn, open your mind and “connect” with your instructors.

Our duty is to provide quality instructors, flexible training courses, suitable aircraft and facilities to complete the training. We will also provide a high level of professional guidance to help you understand the need to study, focus and meet your training commitments.

At Air Gold Coast we undertake other aviation activities, and during your training you will see how they integrate into your training environment.

This document outlines important information regarding the terms and conditions of your enrolment, your rights and responsibilities, and our obligations to you. Please read the information within this handbook carefully, as it is a condition of enrolment that you have read, understood and accepted this information. It is also to be read in conjunction with your Student Training Guide which you will receive during your induction. Please take advantage of this folder, bring it to every lesson, insert your briefing notes and use it to study from.

For all Policies and Procedures referenced in this handbook, please visit our [website](#).

We look forward to your training with us.

The Team

OUR RESPONSIBILITIES AS A REGISTERED TRAINING ORGANISATION

Air Gold Coast is a Registered Training Organisation (RTO Code: 32212) and CRICOS Provider (03273F) under the Australian Skills Quality Authority (ASQA); this ensures we comply with the standards of the VET Quality Framework including the Standards for Registered Training Organisations (RTOs) 2015, as well as our obligations under the ESOS Act 2000 and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 at all times.

Air Gold Coast is also a member of the Independent Tertiary Education Council Australian (ITECA), the national industry association for independent post-compulsory education and training providers. As a member of ITECA we abide by its Code of Ethics. The code defines our obligations to students, the public and to other education and training service providers. It also reinforces our commitment to high professional standards, quality and integrity in all our dealings.

Legislation

In addition to the above requirements as a Registered Training Organisation, Air Gold Coast abides by a range of other legal requirements at a State and Commonwealth level as well as industry and regulatory bodies including but not limited to:

- Civil Aviation Regulations
- Civil Aviation Safety Regulations
- Civil Aviation Orders
- VET Quality Framework
- Australian Qualifications Framework
- The National Vocational Education and Training Regulator Act 2011
- Education Services for Overseas Students Act 2000 (ESOS Act)
- The Copyright Act 1968
- Anti Discrimination Act 1991
- Privacy and Personal Information Protection Act 1998
- Privacy (Private Sector) Regulations 2001
- Human Rights and Equal Opportunity Commission Act 1986
- Disability Discrimination Act 1992

Our staff are aware of, and sensitive to the diverse needs of individual clients, including people who face barriers due to age, gender, cultural differences, disability, language literacy and numeracy. Our policy is to treat all enrolled students and persons seeking enrolment in an open, transparent, ethical and fair manner, and to provide a study environment that is free from all forms of discrimination and harassment.

Privacy and Information Handling

Air Gold Coast acknowledges and respects the privacy of individuals. The information collected includes but is not limited to personal contact details, course enrolment details and changes to enrolled courses.

The company uses the information only for the purpose that it was provided and to communicate with nominated persons in the event of an emergency. We do not provide or sell personal information to external companies for the purpose of marketing. We may also collect statistical information in order to improve our customer service, however this information is anonymous.

Air Gold Coast is required to provide personal information to external agencies or organisations including the Australian Government and designated authorities and licensing bodies in order to provide specific services and as required by law. This may include sharing information with state and national regulatory bodies, Education Services for Overseas Students (ESOS), The Department of Home Affairs, Australian Council for Private Education and Training (ACPET) the provider of the tuition assurance scheme) and the Civil Aviation Safety Authority.

Personal information will not be disclosed to a third party other than as described above without written consent of the individual concerned unless:

- Air Gold Coast believes on reasonable grounds that the disclosure is necessary to prevent or lessen a serious and imminent threat to the life or health of the student or of another person;
- the disclosure is required or authorised by or under law; or
- the disclosure is reasonably necessary for the enforcement of the criminal law or of a law imposing a pecuniary penalty, or for the protection of the public revenue. Where personal information is disclosed for the purposes of enforcement of the criminal law or of a law imposing a pecuniary penalty, or for the purpose of the protection of the public revenue, the record-keeper shall include in the record containing that information a note of the disclosure.

For the purpose of the continued monitoring of your training program, Air Gold Coast is required by law to establish and maintain a Student Management System documenting training progress. This includes the information regarding internal and external assessments. These records are stored on a secure network and only accessed by Air Gold Coast staff involved in your training program.

Access and Equity

Our staff are aware of, and sensitive to the diverse needs of individual clients, including people who face barriers due to age, gender, cultural differences, disability, language literacy and numeracy. Our policy is to treat all enrolled students and persons seeking enrolment in an open, transparent, ethical and fair manner, and to provide a study environment that is free from all forms of discrimination and harassment

Fairness must be considered in the context of all of the relevant circumstances, including course pre-requisite requirements, age specific requirements, and the applicants capacity to take part in the program, and does not imply that all students are treated the same.

Air Gold Coast provides equity in access to the level of training and support required by each student. All students are supported in a manner that enables them to achieve their full potential and success in their training outcomes. All students are provided with opportunities to develop and successfully gain skills, knowledge and experience through education and training. At all times we endeavour to provide culturally inclusive language, literacy and numeracy advice and assistance that assists you in meeting personal training goals.

Physical Resources

Air Gold Coast provides students with the necessary facilities/materials/equipment to complete their course These include:

- Well maintained aeroplanes for initial flying training and navigation, as well as constant speed, retractable undercarriage, and multi engine aeroplanes
- Modern training room facilities with multi-media equipment
- Library and reference materials
- Student lounge
- Computer stations
- Synthetic flight training devices / simulators

Instructional Standards

All instructors hold relevant competencies and knowledge at an equivalent or higher level than specified in the qualification to be delivered and are encouraged to further develop their own skills.

Instructors must have a Commercial Pilot licence, and a Flight Instructor Rating from CASA to be able to conduct flight training.

Training and Assessment

Air Gold Coast is wholly responsible for the training of all student pilots and the issuance of qualifications once all the requirements of the regulator and the training package have been met. No training is outsourced.

Changes that affect our services

As an RTO under the VET Quality Framework, we must notify you promptly if there are any changes to our RTO, the course, or the arrangements for training and assessment.

This would include if there were any changes of ownership, and any new third party arrangements or changes to third party arrangements that relate to your enrolment, or if we were unable to provide the services you agreed to in your Student Agreement because we are no longer able to deliver the course you have enrolled in, or no longer operating as an RTO.

If this occurs, Air Gold Coast will devise a strategy to minimise impact on you and notify you of the changes and how you will be affected as soon as practicable. Depending on the type of change, we may send a letter to your home address; send you an email, or an SMS message.

Issuing of certification documents

On completion of the course and payment of all relevant fees, AGC will issue the student a qualification (testamur/certificate) and record of results within thirty (30) days. The record of results will show the units of competency achieved in the course and corresponding results.

Where a student withdraws or partially completes a course, a Statement of Attainment will be issued within thirty (30) days of withdrawal as long as all relevant fees have been paid. A record of results will only be provided with a statement of attainment where requested.

Air Gold Coast reserves the right to with-hold the issuance of qualifications and Statements of Attainment until all fees related to the course or qualification have been paid, except where Air Gold Coast is not permitted to do so by law.

Air Gold Coast must have a valid USI on file for the student for a qualification or Statement to be issued

Re-Issuing Statements and Qualifications

Records of qualifications and unit achievement are kept on record for a period of at least thirty (30) years. Students can request copies of any of these statements or qualifications at any time for an additional charge. Refer to our Fees and Charges section for the current fee.

Access to records

Whilst all training records are the property of Air Gold Coast, students have access to their records by making a request to the admin manager. Records may not be removed from the premises.

Overseas Agents

Air Gold Coast will not accept overseas students recruited by an agent, or authorize an agent to use Provider Registration and International Students Management Systems (PRISMS) on their behalf, if they suspect the agent of using dishonest practices.

These would include:

- (i) Suggesting to overseas students that they come to Australia on a student visa with a primary purpose other than full-time study.
- (ii) Facilitating the enrolment of overseas students who do not comply with the conditions of their student visas.
- (iii) Engaging in false or misleading advertising and recruitment practices.
- (iv) Using PRISMS to create Electronic Confirmation Of Enrolment (COEs) for other than bona fide students.

If Air Gold Coast becomes aware of an education agent being negligent, careless or incompetent or found to have given false information or in any way acted outside the agreement, their contract will be cancelled immediately

Air Gold Coast, when offering courses to international Students is bound by the ESOS Act 2000, and the National Code of Practice for Providers of Education and Training to Overseas Students 2018.

Student Support Services

The management and staff of Air Gold Coast will make themselves freely available to the students at any time to discuss difficulties they are experiencing with their training.

Our standard course material contains written documentation you must be able to read and significant numerical calculations. We recognise that not all people are able to easily, write and perform calculations to the required standards.

We will endeavour to help where we can to accommodate anyone with difficulties with language, literacy or numeracy.

In the event that you are experiencing any difficulties with your studies we would recommend that you see your instructor or another staff member of Air Gold Coast first.

We will ensure that the full resources of our organisation are made available to assist you accessing the required level of completion required.

Air Gold Coast undertakes a duty of care towards its students, and so course counselling is available on request. Air Gold Coast will support students appropriately as required, including referral to external providers. If your needs exceed our support capacity we will refer you onto an appropriate external agency.

STUDENT RIGHTS, RESPONSIBILITIES, OBLIGATIONS & CODE OF CONDUCT

Student Rights

Students and course participants have a right to:

- a safe and healthy training environment
- quality training, assessment and supervision
- access to a complaints and appeals procedure that ensures natural justice and procedural fairness.
- clear information on cancellation, withdrawal and refund procedures

Student Responsibilities

Students and course participants are responsible for:

- participating in your training in a professional and courteous manner
- following Air Gold Coast policies and procedures
- abiding by workplace health and safety requirements
- taking care with Air Gold Coast property and resources
- attending training sessions and taking advantage of learning opportunities using group work/discussions to develop essential knowledge

Student Requirements

Contact Details

Students must notify Air Gold Coast of their Australian address and contact details including email address and emergency contact details within seven days of arrival and/or 7 days of any changes to those details. Any changes to these details must be reported immediately. Air Gold Coast will also send a confirmation letter of your address and contact at least every 6 months, at which point you must ensure Air Gold Coast receives the up to date contact details.

Attendance

Please remember that as a full-time student here at Air Gold Coast, it is a requirement that you are to be present for a minimum of 20hrs a week. This ensures that students maintain their course progression requirements to enable course completion in the published 46 weeks. However, you are encouraged to commit as much time as practical, to be as well prepared as possible, and to achieve high level results. It is expected that students arrive to class on time and remain for the full duration. Should it be necessary for you to leave a class early – you must advise the trainer/assessor before the class commences.

As a courtesy to other learners and the trainer/assessor, all students must be punctual throughout the training day, including returning from breaks. Punctuality shows respect and is essential to avoid disruption to other students and the trainer/assessor.

If a student fails to attend programmed instructional activity the Safety and Operations Manager will contact the student immediately for an explanation and rescheduling.

If non-attendance continues on two successive occasions, the student will be contacted and scheduled for an interview by the Administration Manager and/or Head of Operations to discover any underlying cause.

If the student is non-contactable or does not return the call / email within 24 hours a warning notice will be sent to advise them about their obligations and the consequences of not contacting the school and suggest a meeting with the Head of Operations to discuss their situation.

At the discretion of the Head of Operations (HOO), in consideration of the student's attitude and commitment, the HOO will advise the Safety and Operations Manager on the student's continuing studies or having their enrolment cancelled.

If you are applying for Austudy through Centrelink please let the admin staff know as you will require a letter from us confirming your enrolment.

Serious breaches of any of the above may result in cancellation of enrolment and dismissal from the school.

Abuse

Air Gold Coast will not condone abuse of any sort. CASA regulations are specific regarding drug or alcohol abuse and students ignoring these regulations will be expelled from the school. No verbal or physical abuse of staff or other students will be tolerated. Abuse of schools resources will not be tolerated.

Alcohol and drugs

The health, wellbeing and safety of personnel are of paramount importance to Air Gold Coast. All individuals have a right to be safe in the flight school workplace. Alcohol and Other Drugs (AOD), when present in persons in the training environment, have the potential to increase risk of harm or accidents and adversely impact upon fitness for training.

Air Gold Coast has a duty of care to minimise the risk of accidents, incidents and injury arising from the consumption of alcohol or other drugs. Air Gold Coast has a ZERO tolerance to illicit drugs but recognises permissible therapeutic drug use under the guidance of a physician or Designated Aviation Medical Examiner (DAME).

The consumption of alcohol is not recommended within 8 hours minimum prior to preparing for or undertaking your flight. You should be familiar with Civil Aviation Regulation 256 which has a blood record limit of less than 0.02

CASA and Air Gold Coast may undertake random drug and alcohol testing. It is a Commonwealth offence to refuse a drug or alcohol test. Refer to CASA part 99.

Communication

Air Gold Coast relies heavily on electronic mail (email) to communicate with students. As a student of Air Gold Coast, you must ensure you have provided us with your valid current email address and check this on a regular basis. Please be aware of the settings of your email account, as some providers send emails to the 'junk mail' folder of your inbox if the sender is unrecognized.

Email communication can include but is not limited to flight and briefing bookings, course updates, news, general information, login details and course fee details. It is your responsibility as a student of Air Gold Coast to immediately advise us of any changes to your postal, email and contact information.

Code of conduct

Students are expected to carry out their duties in a professional, responsible and courteous manner and to be accountable for their conduct and decisions. The staff of Air Gold Coast do not ever expect to discipline students who are undertaking an aviation course.

Dress code & hygiene

All Students are required to wear their uniform at all times, except when indicated otherwise by your Instructor. Private Pilot students are required to wear smart casual clothing, no singlets or thongs are to be worn. Personal hygiene is important and your support in this matter would be appreciated given the nature of our training environment.

Discrimination

Air Gold Coast will not condone sexual harassment or racial prejudice in any form.

Emergency

In the event of an emergency or evacuation, please follow the directions of Air Gold Coast staff. A copy of our evacuation plan is located at the top of each staircase and near each exit. Please ensure you are familiar with our building layout and exits.

Misconduct

Is defined as relating to a student who, without reasonable cause, deliberately behaves in any of the following ways:

- Cheating or plagiarism,
- Breaches any Air Gold Coast rule or instruction or fails to comply with the lawful direction.
- Significantly impairs the ability of a person to participate in any legitimate AGC activity.
- Acts in a manner that disrupts the peace and good order of AGC or brings it into disrepute.
- Divulges confidential information relating to an AGC matter.
- Causes damage to, or loss of property of AGC
- Breaches any Act of the Commonwealth or State to which AGC is subject, while at AGC or its premises (including any criminal actions and racial discrimination)

Students are expected to behave in a socially responsible manner and respect the rights of both other students and training/administration staff. Air Gold Coast is an adult learning environment and all students are expected to participate in a mature manner. If Air Gold Coast feels the training relationship is being abused (e.g. repeated refusal to follow training plans or disruptive behaviour), we reserve the right to take disciplinary action, which could include cancellation of training.

The first step in disciplinary action will be a verbal warning; if the behaviour/action does not improve a written warning will be issued. If still no improvement, the student will be dismissed from the school.

Smoking

Smoking is not permitted in our aircraft or within the flying school building, its surrounds and apron areas.

Workplace Health & Safety

Air Gold Coast is committed to providing a safe and healthy learning and work environment. The safety of our students and staff is of primary importance in all activities and operations of our organisation. We are committed to implementing, maintaining and continuously improving work health and safety in all of our facilities and operations. Air Gold Coast encourages all persons to regard accident prevention and safety as a collective and individual responsibility. Air Gold Coast recognises its responsibility under the Workplace Health and Safety and related regulations. The General Manager has responsibility for ensuring the health and safety of staff, students, contractors and visitors.

This includes:

- Provide and maintain safe plant, equipment and systems of work.
- Provide, monitor and maintain systems for safe use, handling, storage and transportation of plant, equipment and substances.
- Maintain the workplace in a safe and healthy condition.
- Provide adequate facilities to protect the welfare of all employees.
- Provide information, training and supervision for all staff, students and contractors, helping them to integrate WHS into their work areas and roles.
- Provide information, where relevant, to students, allowing them to learn in a safe manner.
- Check WHS system compliance via ongoing auditing.
- Integrate continuous improvement into WHS performance.

Air Gold Coast is committed to maintaining a safe and healthy work and learning environment for all staff, students, and contractors. It is everyone's responsibility to work and conduct themselves in a safe manner:

- Accidents to staff, students and equipment must be reported to management immediately
- Take care on stairs to avoid trips and falls
- Closed shoes must be worn at the school and in the hangar at all times.
- Students and staff need to be aware of oil/water spills on the floor of the hangar. These must be wiped up immediately using the rags available at the front of the hangar.
- There is a first aid kit for minor injuries at Reception.
- There is a diagram of the offices and hangar on the notice board showing the position of fire extinguishers and safety equipment and emergency exits.
- Always treat propellers as 'LIVE'.
- High visibility vests are to be worn on the apron area at all times including aircraft pre-flight, refuelling or walking to/from the aircraft.
- Appropriate strength sunglasses should be worn by all staff and students when flying, or spending time on the apron area during daylight hour

Unique Student Identifier

All students must have a **Unique Student Identifier (USI)**. Your USI will help keep your training records and results together in an online account controlled by you.

Each time you enrol to study with a new training organisation, your USI will be used to store your training records and results. By having a USI you will be able to access your training records and results (or transcript) online from your computer, tablet or smart phone whenever you need them.

If you already have a USI you must provide us with that number when you enrol. If you do not have a USI, you will need to go to www.usi.gov.au and create one and advise us of your number when you start your training.

If you are providing us with permission to access or create your USI we will need a valid form of identification. The ID that you provide for this purpose will be destroyed once we have used it for this purpose.

We are unable to issue a qualification or a statement of attainment unless we have a valid USI or a notice

Social Media Policy

Social media are an increasing, legitimate part of our social lives and also increasingly figure in the way in which we, and Air Gold Coast, are publicly perceived. Behaviour which is not acceptable in the workplace in relation to staff, students, clients and those with whom we do business; or which is in any way dishonest, discriminatory, unethical or unprofessional, is equally unacceptable when we make use of social media.

The use of social media platforms to harass, bully or intimidate; to demean or denigrate; or where we fail to respect the privacy, dignity or confidentiality of staff, students or clients is unacceptable.

Expressions of opinions or attitudes which reflect negatively upon Air Gold Coast or upon our staff, students or clients and bring any of them into disrepute are unacceptable. It is also improper to suggest or infer that Air Gold Coast takes an attitude or position on any matter or question without the authority of the General Manager.

Under no circumstances are images or video recordings taken in-flight or following any accident or incident involving a company aircraft to be posted on any publically accessible website or forum if the aircraft registration is identifiable.

Improper use of social media also has the possibility to affect future employment opportunities. Beware of posting anything that could have a negative impact on your future employment opportunities. This should be taken into consideration when posting social media comments.

Students may not remove company equipment from the campus, except where this is necessary for use by the staff and students for school purposes and where they have appropriate permission.

Flight Bookings

Flights will be scheduled in advance so students need to be on campus all day to prepare for their flights or to study. At times, flights may be scheduled at short notice due to operational requirements therefore it is essential that students are available on campus.

The booking system is a dual system, with a booking for your pre-flight briefing and a booking for the aircraft. To avoid delays you are expected to be present for your lesson at least 30 minutes prior to your pre-flight brief. For solo flights you will be given a booking time for the aircraft. This means that you must arrive at least 30 minutes prior to departure to perform your pre-flight planning and aircraft inspection, so you are ready for take-off at the allocated "engine start" time, and return the aircraft on time for the next person.

For navigation flights you must arrive in sufficient time to allow for planning time.

If a student needs to cancel due to unforeseen circumstances, the missed flight will need to be made up as soon as possible. Please contact the Student Manager as early as possible for rescheduling.

DETAILS OF YOUR TRAINING PROGRAM

Registered Courses

- AVI50222 Diploma of Aviation (Commercial Pilot Licence – Aeroplane)
- AVI50519 Diploma of Aviation (Instrument Rating)

Please read the Course Guide or visit www.airgoldcoast.com.au for all course details including costs.

Pre-requisites and Enrolment

When making merit based decisions about the selection of students, Air Gold Coast will take into consideration any educational disadvantages that a student has experienced before making a decision. Applications for enrolment will be considered on a case by case basis. The management of Air Gold Coast reserves the right to refuse enrolment if there is reason to believe that the student's educational experience or other capabilities are not appropriate to this course of study.

International students must supply along with completed application for Enrolment Form:

- copies of academic qualifications – Minimum completion of Year 12 High School or equivalent (if they have been translated into English they will need to be certified as a correct copy),
- evidence of English language proficiency (e.g. an IELTS score of 6 or above or equivalent)
- a certified copy of your birth certificate or the front section of your passport that shows your personal details.

Please note that students must be 18 years of age or older **before** they commence their flight training at Gold Coast. Applications from students under the age of 18 will not be accepted. Students should be aware that they must apply for an Aviation Reference Number (ARN) and pass a Civil Aviation Safety Authority approved Class 1 medical examination to begin the flying component of their course. This examines sight, hearing, reflexes, heart condition, blood sugars, drug presence, and balance.

Students must pass a security and police check to receive an Aviation Security Identification Card (ASIC). This is a national requirement for all pilots and employees in the aviation industry. Students must also meet the CASA English Language proficiency standards (minimum ICAO Level 4) before being issued with a Recreational Pilot Licence. This assessment is conducted by approved staff at Air Gold Coast.

Applications for Enrolment must be submitted to Air Gold Coast at least 2 months before the course start date to allow time for the student visa, medical and ASIC to be completed.

Induction

On your first days at Air Gold Coast you will complete our Student Orientation program. Throughout the day you will learn about Air Gold Coast and the course you are studying as well as touring our facility and learning about our resources, health and safety practices, support services available for International Students, attendance and progression requirements, study assistance programs, complaints and appeals processes and other services that are available to students outside the school including local areas. During Induction you will also receive all your training materials including books, uniform, headset etc.

Course Content

Student training and progress is to industry specific standards incorporating the CASA syllabus and the Aviation Training Package, which specify the competencies a pilot must achieve at various stages before a final assessment and the issue of a flight crew licence and a qualification.

Delivery Methods

The three delivery modes used for this course are:

1. **Ground theory:** This involves CASA endorsed Flight Instructor led, institution based classroom delivery.
2. **Practical in-flight training:** One on one instruction in-flight supports and confirms the assimilation of relevant knowledge and skills theory.
3. **Simulator training:** This involves extensive simulation of a variety of weather types and other physical variations to enable students to familiarise themselves with aircraft instrumentation and navigation systems.

Prior to enrolment you will be given a full list of required text books and navigation equipment which can be purchased from the flight store located next door.

Assessment

Aspects of the course require determination of underpinning knowledge through written assessments, observation of in-flight skills and the practical demonstration of appropriate flying skills.

CASA requirements for the issue of a licence are in excess of the requirements for the issue of a Diploma. These include **theory exams** are covered by CASA cyber exams administered for CASA at an approved testing centre.

Practical Flight Tests are conducted by a CASA Approved Testing Officer for Private Pilot Licence and Commercial Pilot Licence

All assessment is competency based. An emphasis is placed on the student to consistently achieve a competency.

Formative assessment is conducted to determine whether the student can demonstrate the target competencies/standards at each stage of flight training. Student pilots who are unable to demonstrate competency at a given time or who successfully appeal assessment results will be re-trained before being reassessed at a later date.

Assessment methods include:

Observation – the completion of a specified task or set of procedures, normally performed under close supervision, using a detailed lesson plan for each flight sequence.

Oral questioning – a response is provided to a series of questions presented in order to demonstrate understanding of principles or reasoning behind the action taken. Oral questioning will occur before flight tests to examine the knowledge deficiencies identified from the CASA exams.

AVI50222 Diploma of Aviation (Commercial Pilot Licence- Aeroplane)

The following exams and assessments cover the knowledge evidence from the training package:

- Radio Telephone Operator
- Aircraft Type Exam
- Pre-Solo Air Law
- Pre-Area Solo
- Basic Aeronautical Knowledge/ Recreational Pilot Licence
- Aerodynamics
- Air Law
- Aeronautical knowledge
- Human Factors
- Navigation
- Meteorology
- Operations Performance and Planning

Pre-Flight tests below are conducted by the Head of Operations or delegate prior to recommendation for the CASA flight test. These tests cover the skills evidence from the training package for AVI50222 Diploma of Aviation (Commercial Pilot Licence- Aeroplane).

- Private Pilot Licence
- Commercial Pilot Licence

AVI50519 Diploma of Aviation (Instrument Rating):

The following exams and assessments cover the knowledge evidence from the training package:

- Instrument Rating Exam (IREX)

Pre-Flight tests below are conducted by the Head of Operations or delegate prior to recommendation for the CASA flight test. This tests covers the skills evidence from the training package for AVI50519 Diploma of Aviation (Instrument Rating).

- Multi Engine Pre-Flight Test
- Instrument Rating Pre-Flight Test
- CASA Multi Engine Command Instrument Rating

(CASA Flight Tests and exams are in addition to all the Pre Flight Tests for the issue of a licence or rating)

Recognition of Prior Learning and Credit Transfer

As a licence course, students' progress through phases to reach CPL competency levels in flight, and knowledge evidence is spread over different units, RPL for individual diploma units can only be given in the following instances;

AVI50222 Diploma of Aviation (commercial Pilot Licence – Aeroplane)

AVIF0026, AVIF0027 and AVIF0029.

AVI50519 Diploma of Aviation (instrument Rating)

AVIF0029, AVIF0030, AVIW0032, AVIY0033 and AVIY0073 as a credit transfer from AVI50219/AVI50222 Diploma of Aviation (Commercial Pilot Licence – Aeroplane) Some instrument flying units may have been completed earlier (e.g: multi engine endorsement) and these will be recognised through evidence from the student's log book.

Students transferring from another flying school, evidence by way of their log books and training records will be recognised to ascertain the entry point to the organisations training plan. These recognitions will only be for CASA units.

Cancellations of Flying Lessons

Quality flying training is also dependant on suitable weather conditions. In the event a cancellation or postponement of a lesson is suggested or made, then this is made with the students best interests in mind.

Flying lesson cancellations by a student of a regular nature can be an inconvenience to instructors, the school and other students. Please respect this as management could enforce a cancellation fee.

Cancellation policy

The following procedure is to be used for flight cancellations:

At least 24 hours should be given to allow the slot time/s to be reallocated to another student.

- If cancelled due to the student's lack of preparation or late arrival, the minimum fee payable by the student will be as follows:
 - 1st Instance: verbal warning
 - 2nd instance, 1 hour of the flight instructor's time.
 - 3rd instance, student will be charged at the instructor hourly rate for the full lesson.
 - 4th and subsequent instances, full amount of lesson including aircraft and instructor time will be charged to the student.

Full-time Course Progression Policy and Procedure

The National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018, requires registered providers to systematically monitor students' progress and to be proactive in notifying and counselling students who are at risk of failing to meet their course progress requirements. Air Gold Coast is required to report students who breach the course progress requirements.

Air Gold Coast closely monitors each student's development through regular progress checks at pre-determined stages of their flight training. Our system encourages ongoing informal monitoring which is designed to make minor adjustments to lessons for those candidates experiencing learning difficulties.

Progression – Commercial Pilot Licence

The Commercial Pilot Licence is a CASA integrated course which is designed to ensure that a student receives ground theory training integrated with practical flight training with reduced flight training hours. This course is planned to be completed within a set time frame of 46 weeks. Weather events, student progress or events beyond Air Gold Coast's control may extend course duration. There are also requirements for progression that must be met prior to being recommended for flight test.

Students failing to meet the integrated course progression requirements will be transferred to the non-integrated longer course which requires an additional 40 hours of flying at the students expense. This is a CASA requirement.

The following phases throughout the course outline the progress expectations from commencement to completion.

Phase 1: Recreational Pilot Licence (RPL)

The Student has:

- Passed all Pre-Solo/Area Solo Exams within three (3) attempts
- Passed RPLA Theory Exam within three (3) attempts
- Achieved first solo flight within 25 hours of dual instruction
- Achieved first area solo within 40 hours of dual instruction
- Passed RPLA Flight Test within three (3) attempts

Phase 2: Private Pilot Licence (PPL)

The Student has:

- Completed their first Solo Navigation flight within 20 hours of dual instruction in Units PPL1 and PPL2
- Passed a minimum of three (3) CPL Theory exams before Navigation Endorsement Flight at the end of Unit PPL3
- Passed a minimum of three (3) CPL Theory exams within three (3) attempts

Phase 3: Commercial Pilot Licence (CPL)

The Student has:

- Passed all seven (7) CPL Theory exams before the end of Unit CPL3
- Passed all CPL Theory Exams within three (3) attempts
- Passed PPL Recommendation Flight within three (3) attempts
- Passed PPL Flight Test within three (3) attempts
- Passed CPL Recommendation Flight test within three (3) attempts
- Passed CPL Flight Test within three (3) attempts

If intervention is required this will be discussed and agreed upon with the student. An “intervention strategy” will be in the form of an **Action Plan** which will include ongoing monitoring, agreed benchmarks, and dates for those benchmarks to be achieved/met, with a turn-around to a satisfactory outcome in performance. This initial discussion will be facilitated by AGC Safety and Operations Manager and will include both the candidate’s primary flying instructor and the AGC Head of Operations (HOO).

At this point, participation in previous intervention strategies, opportunities provided to students from prior attempts at the same flight sequence or theory assessment, attendance and information provided by the student in support of his/her continuation in the program will get taken into account.

Unless there is a need for further intervention, monitoring continues until the Action Plan has concluded and the student is no longer at risk of falling behind.

If progress is still not satisfactory at the end of this timeframe the GM, instructors and Head of Operations will make a recommendation on whether the student’s enrolment will be cancelled. The student will then be advised in writing of Air Gold Coast’s intention to report the student for unsatisfactory course progress. The student will be given the opportunity to show the cause why their enrolment should not be cancelled.

The student has the right to access the Complaints and Appeals Process. Where a student initiates an appeal the decision to cancel their enrolment, Air Gold Coast will maintain the student’s enrolment while the complaints process is ongoing. The student may engage in a modified program not including flight time during this time so as not to further impact on the student’s risk of course cancellation (at the discretion of the GM).

If the appeal is upheld, the decision will be overturned and, if necessary, a further meeting between the student, The GM and the Head of Operations will be held to determine further intervention and support strategies to assist the student to get their course progress back on track.

Where the student has chosen not to access the complaints and appeals processes within the 20 working day period, withdraws from the process, or the process is completed and results in a decision to cancel the student’s enrolment, Air Gold Coast may cancel student enrolment and will notify DHA

Course Fees

Fees for both Tuition and Non-Tuition for the AVI50222 Diploma of Aviation (Commercial Pilot Licence – Aeroplane) and AVI50519 Diploma of Aviation (Instrument Rating) are outlined in the individual course guide that accompany this handbook.

A non-refundable administration fee is applied to all new enrolments. The enrolment fee includes the issue of training records and Student Training Guide, this also includes the completion of a student induction with an instructor.

The full-time course fee covers:

Training Material (Notes, initial issue of maps, charts, navigation equipment, Air Services publications, and uniform)

- Classroom time for theory training, Pre and post flight briefings
- Examination fees for internal and external exams
- Aircraft hire
- Instructor hire
- Air services and airport charges

Note: This fee does not include additional flight training for remedial work, or repeat examination or flight test fees.

Flight hours and Fees Reconciliation

The course fees cover a set number of flying hours and in the case of Air Gold Coast's Commercial Pilot Licence it is 160 hours. It is difficult to achieve actual hours for each syllabus lesson due to Air Traffic Control, weather and student competency. Whilst every effort is made to ensure students flying hours are as close to syllabus as possible there are occasions where there will be small variations.

A review of student's actual hours versus syllabus hours are undertaken at the end of the RPL module, PPL module and CPL module or course completion. This review of any over or under syllabus hours will be advised to the student at the end of each module for either a credit of flying hours or an invoice for the overflying of hours.

This detailed "Over and Under Report" is generated from the student training records in Smart Class and presented to the student.

Fee Payment Arrangements and Fee Protection

Full fees and payment methods are outlined in the Course Guide.

For ease students are able to prepay some of their flying Air Gold Coast holds current membership of a Tuition Protection Service approved by its VET Regulator which, if Air Gold Coast is unable to provide services for which the learner has prepaid, ensures:

- the learner will be placed into an equivalent course such that:
 - the new location is geographically close to where the learner had been enrolled, or
 - if an equivalent course cannot be found, the learner is paid a refund of any prepaid fees for services yet to be delivered above the threshold prepaid fee amount.

Casa exams and flight tests are paid to CASA or the exam centre as applicable.

All fees for tests and exams will be fully explained prior to the event.

Air Gold Coast must comply with the VET Tuition Assurance requirements. This is to protect students in the event that Air Gold Coast ceases to provide a VET course of study in which a student is enrolled. Air Gold Coast meets the VET tuition assurance requirements. A Statement of VET Tuition Assurance can be found on our website.

Fees for additional requirements

Prior to commencing training students will need to provide

- A Class 1 Medical Certificate
- An Aviation Security Identity Card (ASIC)

Related additional costs

- Accommodation
- Remedial training
- Additional flight tests
- Transport
- Spending Money
- Overseas Student Health Cover
- Meals

Replacement training material will be at the cost of the student. Should a student require a replacement qualification documentation due to student loss or destruction this will be issued at a fee of \$50. Should the documentation need reissuing due fault of the school, this will be provided at no fee.

Non Payment of tuition fees

Where a student does not pay their tuition fees in the agreed manner and time, Air Gold Coast may withdraw the student from the program until such time as fees have been paid in full. Where a student does not pay their fees and has withdrawn from the program, Air Gold Coast may take any action it deems appropriate to retrieve monies owing.

Where a student has successfully completed a competency but has not paid their fees in full, Air Gold Coast will not issue an award and will not confirm enrolment or training has been undertaken until such time as such fees have been paid in full. The student record will also show that the student had been unsuccessful in their program of study.

Refund Policy

- a. Where a student decides to withdraw from a course prior to the commencement of the course, or is unable to commence due to refusal of student visa, pre-paid fees less administration fee of \$500.00 will be refunded within 4 weeks of receipt of a written application from the student.
- b. Where the student withdraws by choice after commencement, the unallocated pre-paid fees less an administration fee of \$500.00 will be refunded within 4 weeks of the receipt of a written application from the student.
- c. Where the student defaults, that is the student is withdrawn from the course through non-attendance, non-payment, non-compliance with rules or student visa requirement, the student is eligible for a refund after all internal and external appeals processes have been exhausted. The unallocated pre-paid fees will be refunded less an administration fee of \$500.00 and will be paid within 4 weeks of the official default day.
- d. In the instance where Air Gold Coast is unable to deliver your course in full (provider default), Air Gold Coast will refund any unspent pre-paid fees to the student within 14 days of the default day.
- e. All refunds will be paid only to the person who paid the fees in the first instance.

Refer to the Administration Manager for the procedure for withdrawing and claiming a refund.

AIR GOLD COAST POLICIES AND PROCEDURES

All Australian consumers are protected by the Australian Consumer Law. It covers general standards of business conduct, prohibits harmful practices, regulates specific types of business-to-consumer transactions, provides basic consumer rights for goods and services and regulates the safety of consumer products and product-related services. It is your right to contact the Australian Competition and Consumer Commission if you feel you have been treated unfairly.

Air Gold Coast is committed to providing a quality service with a focus on continuous improvement. We actively seek and value feedback from students, staff and employers to incorporate into future programs. Air Gold Coast has a systematic approach to quality which includes a number of policies, procedures and forms. These can be found on our website.

Deferring, Suspending or Cancelling an Enrolment

Air Gold Coast allows students to suspend or defer their studies only under very limited circumstances. Any suspension or deferment may affect the Visa.

These will include but not be limited to:

- Serious illness or injury where a medical certificate states that the student was unable to attend classes
- Death of a close family member (Parent or Grandparent)
- An intervention strategy was implemented for a student at risk of not completing some part of their training.
- An approved deferment or suspension of study has been granted.
- A serious traumatic incident supported by police and/or psychologist's report
- Refusal of a Visa

Each case will be assessed on its individual merit and documentary evidence must be provided to support the claim. After considering the evidence provided and the student's circumstances a decision will be made by management.

Students must apply in writing for a suspension of their course by filling out an Application for Withdrawal, Suspension or Transfer Form from administration. The Student Manager will assess the request against the policies and advise the student in writing of the outcome. Where a student's deferment or suspension will affect the end date of the COE, Air Gold Coast will notify DIBP and the original COE will be cancelled and a new one issued if the return date is known.

Suspension and Cancellation initiated by Air Gold Coast

A student may have his or her enrolment suspended or cancelled as a result of unsatisfactory academic progress, unsatisfactory attendance, academic misconduct or misbehaviour by the student in breach of the Code of Conduct.

The student will be informed of Air Gold Coast's intention to suspend or cancel and notify the student that he or she has 20 working days to access the internal complaints and appeals process.

If a student accesses the internal complaints and appeals process the suspension or cancellation will not take effect until the internal process is completed, unless extenuating circumstances relating to the welfare of the student apply. If the student does access the policy, DHA will be advised.

Transfer between Registered Providers

Air Gold Coast will not knowingly enrol a student wishing to transfer from another provider within the first 6 months of the student's principle course except under the following conditions;

- a) The original registered provider has ceased to be registered or a course in which the student is enrolled has ceased to be registered
- b) The original registered provider has provided a written letter of release
- c) The original registered provider has had sanctions imposed on its registration by the Australian Government or state or territory government that prevents the student from continuing his or her course or,
- d) Any government sponsor of the student considers the change to be in the student's best interest and has provided written support for the change.

The National Code 2018 requires providers to assess requests from students for a transfer to another registered provider if the students have not completed six months of their principal course of study. Students may only transfer to another provider prior to completing six months of their principal course if they have a valid enrolment offer. If the transfer is agreed Air Gold will issue a Letter of Release at no cost. Students are advised that a transfer may affect their Visa.

Air Gold Coast will consider all such requests for transfer fairly and take into consideration the individual circumstances of each student in order to ascertain whether the transfer would be to the detriment of the student, in which case the application would be refused. Examples of factors that may be considered to the student's detriment include:

- The student's financial account is not up to date for the current period of the study
- The student is trying to avoid being reported to DIBP for failure to meet the provider's academic progress requirements.

Where a student requests a transfer to another provider after the first six months the request will be assessed against the following criteria:

- Student's change in living situation
- The alternative course better meets the study capabilities or long term goals of the student.
- An appeal (internal or external) on a matter that may reasonably result in the student wishing to seek a transfer supports the student.
- Air Gold Coast fails to deliver the course as outlined in the written agreement
- There is evidence that the overseas student's reasonable expectations about their current course are not being met
- There is evidence that the overseas student was misled by Air Gold Coast or an education or migration agent regarding Air Gold Coast or its course and the course is therefore unsuitable to their needs and/or study objectives

Reasons for refusing a transfer would include:

- Student has outstanding fees for the current period.
- There is no Letter of Offer from another provider

A decision will be made by the General Manager within 10 working days of the request. The student will be informed of the decision in writing. A student may access the appeals process if the transfer is refused,

When a Confirmation of Enrolment is received from another provider a letter of release will be issued to the student at no cost and includes advice on contacting DIBP with regards to a possible change of Visa conditions. The letter will include a statement regarding progress, attendance and payment of fees.

Where a student approaches Air Gold Coast for enrolment from another provider the decision to offer a place will be based on the following criteria.

- students demonstrated commitment to previous studies
- good attendance record
- course fees have been paid in full
- A Letter of Release has been received from the previous provider.

Suggestions, complaints and appeals

Your feedback is welcome and highly valued so we invite you to compliment, complain or make a suggestion about our services. We will use the information you provide to monitor and improve our services and will respond to issues raised in a timely manner. Complaints and appeals procedures are outlined below.

Academic Appeals

Any complaint about any assessment will be treated seriously, investigated thoroughly, and dealt with according to the merit of the complaint. The circumstances and results of any appeal are analysed by the Head of Operations.

Appeals must be made within 21 days of receipt of assessment. All records of any appeals will be kept on file.

Appeal Procedure:

- Notify the Instructor within 21 days.
- Instructor or Chief flying instructor will provide a written statement of outcome within a further 21 days.
- Seek reassessment or arbitration by a third party or panel acceptable to all parties to the appeal
- The student has the right to appear in person before the panel.
- If the appeal is still unresolved, the student will be advised of external organisations. Eg Consumer Affairs or the relevant Government Department that may be able to assist.

Non-Academic Complaint

Non-academic matters include those matters which do not relate to student progress, assessment, course content or awards in a course. These matters may include but are not limited to operational, administrative, discrimination and harassment issues. Examples of these could include sexual harassment, racial or sexual discrimination, physical or verbal abuse.

Non Academic Complaints Procedure:

Stage one:

Formal complaints should be submitted in writing on the on the Complaint Report Form available on request from administration. The complaint must be submitted to the Student Manager with a detailed written explanation of the grievance. The student may request the assistance of a member of staff to help with the form.

The Student Manager will commence the complaint resolution process within 10 working days and all reasonable measures will be taken to finalise the process as soon as practical. The complaint will be investigated and an interview may be held with any persons associated with the complaint to gain a full understanding of the issues in order to make a considered decision. Both the complainant and the respondent may be accompanied by a third party if so desired at these interviews.

The Student Manager will provide a written decision to the complainant within 15 working days outlining the reasons for the decision and the complainant's right to access stage two of this procedure if they are not satisfied with the decision.

Stage Two:

If the Complainant is not satisfied with the outcome of Stage One they may lodge an appeal in writing with the General Manager. The decision will be reviewed and if necessary he will consult with the Complainant and other relevant persons to make a determination of the appeal.

The complainant will be advised in writing of the results of the appeal within 5 working days with reasons for the decision and of their right to proceed to Stage Three of the process if they still feel the matter is not resolved.

Stage Three:

If the Complainant is not satisfied with the outcome of Stage two they may request that the matter be referred to an external dispute resolution process. At any point the complainant may decide to refer the matter to an external public agency such as the Anti-Discrimination Board or the Office of Fair Trading.

At any point the complainant may decide to refer the matter to the external agency such as the Anti-Discrimination Board or the Office of Fair Trading. These bodies offer services at minimal or no cost. If the complaint is to be referred to an external agency (Company name) will maintain the student's enrolment while the process is ongoing.

Public low or no cost contacts:

Anti-Discrimination Commission complaint line 1300 656 419
Office of Fair Trading

Air Gold Coast will immediately implement any decision and/or corrective and preventative action required as a result of complaints and appeals.

After completion of the internal appeals process the student may contact the Overseas Student Ombudsman if they have any concerns regarding the school. Students may also contact the Registering Body –Australian Skills Quality Authority on 1300 701.

The complaints and appeals process does not remove the right of the student to take action under Australia's consumer protection laws.

Students are advised that any costs incurred through an appeal with any external agency are the responsibility of the student. Air Gold Coast allows only one external appeal.

If the processes result in a decision that supports the student, Air Gold Coast will immediately implement any decision and/or apply any corrective / preventative action required and advise the student of the outcome.
